Hi Pal,

I can't quite figure out
your new address. I thought
at first you were headed
over seas, then I finally
decided you were going to
take your training in
Nashville.

So be sure and write
and tell me all the dope
about your new location etc.
Do you heard from Bill
often now. It looks as if

Bill and I both got a
tough break, when it come
to getting a furlough. Maybe
we will all be home some
days soon, then we will really
blow it out.

Do you heard from
any of the girl around home,
New-day. I have one or two
letter from Geraldine West
and several from Pauline
Gallup since I have been over
seas. The main subject in
my book New is Pauline.
She is going to school in
Georgia now, I think she

told me this was her last
year in school if she has
good luck. Well Pal I
have run out of anything to
write so I will have to sign
off. write when you can.
I hope you have all the
luck.

Your Pal
Ramon.
